Center-Foam Cardboard Splints >>

Padded Board Splint

- Complete set of six heavy-duty padded-board splints, two of each size: 15", 24" and 36"
- Manufactured of plywood, covered with foam padding
- Vinyl covering is sealed for easy cleaning and disinfecting
- Carry bag included

SP1872 Padded-Board Splint

SAM Splint (Structural Aluminum Malleable)

- When folded into a "structural bend" the splint becomes quite rigid and easily supports the leg, forearm, or humerus
- X-ray translucent
- Made of thin strips of soft aluminum and closed-cell foam material
- Can be easily contoured and crimped to stabilize the cervical spine
- Coating does not stain and is reusable with proper cleaning
- Suitable for splinting all extremities
- Perfect for infants to adults
- Can be cut with a pair of trauma shears
- Light and small to include in first aid kit, or take on field trips
- Available in 36" rolled or flat, or 18" and 9" flat by 4.25" wide
- Also available: Finger Splint (10/pk) and Training Video

SP1122 36", rolled or flat, Blue Gray

SP1410 18", flat, Orange Blue

SP1005 9", flat, Orange Blue, set of 10

SP1213 Finger Splint, Orange Blue, set of 10

VI1135 Training Video

Ferno Finger Splint Kit

- Contains a variety of the most commonly used splints
- Manufactured from soft aluminum which makes them X-ray translucent and ensures ease of application
- Splints are malleable and can easily be formed to fit each patient exactly
- Kit contains 5 different splints in a variety of sizes for a total of 25 splints

SP9701 Finger Splint Kit, set of 25
